

2021 Ministry Celebrations

God moved this year at our Easter services, where thousands of individuals and families came together to celebrate our risen Savior at outdoor services at both our Lakeline and Steiner Ranch locations! Coming together to publicly worship is always a privilege and blessing that we don't take for granted, and this year was particularly special following the pandemic. And we continue to be grateful that more and more individuals and families are joining us in person each Sunday!

This year, God has used our church family to both love and serve our neighbors in tremendous ways. Many individuals and families experienced food insecurity as a result of the pandemic, and we were able to tangibly show the love of Jesus. We provided weekly food distribution for a record number of families — over 1,700 — through Reveal, Hill Country Community Ministries, and Austin Reconciliation Church. Also, we provided grants for more than \$70,000 for food purchases and equipment to hold food, offering long-term provision for those in need.

On a global scale, your generosity provided COVID relief, food distribution, Bible translation, refugee outreach, and Gospel broadcasts to the least reached areas of the world, giving over 3 million people access to the Gospel. One initiative in particular allowed 3,935 people in Southeast Asia to hear the good news of Jesus, with 1,076 choosing to commit their lives to Christ, and 115 were baptized. Because of your gifts, we were also able to send \$150,000 toward Bible translation for three East and Central Asian people groups.

We also want to celebrate a significant milestone for our church family. Because of the generous giving of our Steiner Ranch location church family to the building of their permanent worship space, they are now debt-free! Every week, a growing number of individuals and families from the Steiner Ranch and Lake area are welcomed in to a life-giving and life-changing community where they experience the love of Jesus.
