

## **Tips and Tools for Watching Hill Country Bible Church Digitally**

If you're having some challenges watching online, try these tips:

- First, refresh your browser.
- If that doesn't work, you might need to switch browsers. Safari isn't particularly compatible, so try Chrome or Firefox.
- Next, expand your screen and make sure you're unmuted in the actual feed and that the volume is up.
- Finally, if you're having trouble with your volume, hover over the bottom of your screen and click on the speaker button in the left corner.
